Have courage & be kind!

Wednesday 24th June, 2020

Hello Everyone,

Welcome to Week 9!

When riding your bike to & from school please walk it through the gate! :)

For the remainder of the year there will be no formal PSSA sport, this includes athletics and all other sports trials. I will keep you informed as I know what this means for us.

We will be continuing with our school sport activities and depending on what restrictions lift we will see what we can get organised.

This week we welcome back Mrs Denning. She will be joining our infants team for the remainder of the school year.

School photo uniform was decided through our survey with the tunic with white sock or navy stockings and the light blue shirt with grey bottoms and grey socks. Both with black shoes being the final outcome. If you have any issues with this please come and see me and I will try my best to accommodate this.

Reports will be handed out next week, you will notice a new format. This includes reporting on our project based learning. If you have any questions please don't hesitate to contact your classroom teacher. We are hoping towards the end of Term 3 that we will be able to hold some parent/teacher interviews to allow you to follow up on these and your child's learning however as you are aware these types of meetings are available at anytime through a phone call to the office.

The past 12 weeks have not been the easiest on any of us. However I feel it is important to thank you all for your support and collaboration throughout this time. It has been a truly remarkable moment to see what a wonderful community our small school has. I do hope you have an adventurous holiday with your family and enjoy some time together.

I am, as usual, looking forward to Term 3 with you all as there are so many exciting things to come
